The Importance of Attending the Officer Training Conference

Though not required it's highly important to come to your local Officer Training Conference. I know, I know you've probably already been doing your officer duties for a few, but sometimes within the transition there are issues that stop you from performing the best that you can. The Officer Training Conference is the perfect time to fix that.

This a great opportunity, for the following reasons:

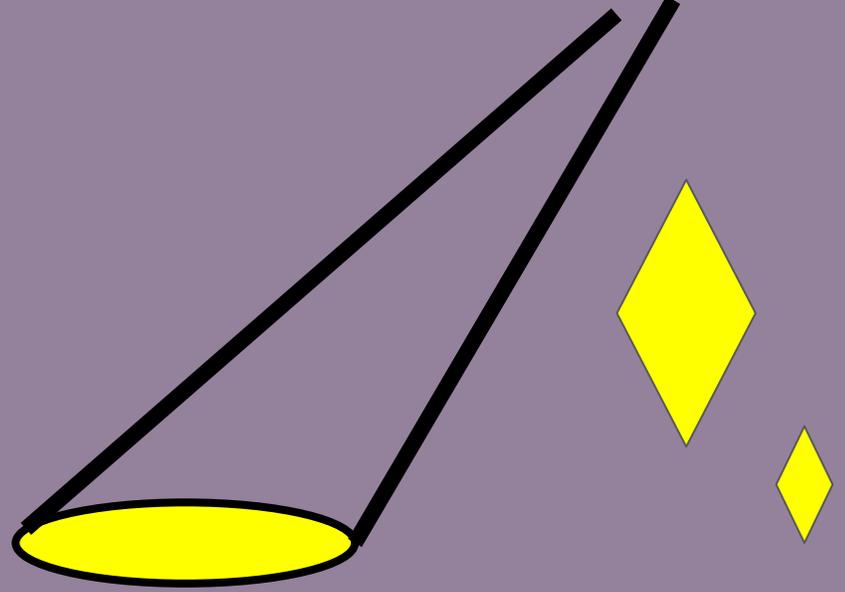

- You get to participate in fun activities
- Possibility of making friends with other officers all from division six
- New knowledge that can further yourself and your club

A Tip From Your Friend

With the Officer Training Conference coming up (date still pending) I thought it would be a good moment to start sharing advice. A quote that I think really captures what Key Club and the connecting groups are about would be one said by Mother Teresa, "It's not how much we give but how much love we put into giving". Every one of you should remember this as you go on in life. You don't have to give a lot, that's not what matters. It's the amount of love in your heart for that giving that adds meaning to the action.

Club Spotlight

I had the pleasure of joining the two key clubs in Fenton at the town's Freedom Festival held on the Fourth of July.

The local Kiwanis along with Lake Fenton and Fenton High School Key Club had a whole tent of games with fun objectives such as jumping the frogs onto the lily pads.

Besides the cool prizes they let people paint the city with their cardboard setup. The kids loved it and so did I.

I got to see in person what creative and kind people are helping change our world so thank you for having me fenton.
