# About Us

Hello Key Clubbers! My name is Haydar Hassan and I have the honor to serve you as your 2019-2020 Project Chair! I attended Utica High School and I used to serve as Lieutenant governor of Division 16! As this service year begins with the help of my committee, I am going to advertise the involvement with Our project, Save The Earth initiative and provide service project ideas related to our project. Follow our @mikeyprojects Instagram to join, get updates, and many more! Also look out for our Kits =)

My name is Connor Wencel and I am Lieutenant Governor of Division 12, and part of the Projects Committee. I go to Annapolis High School, and participate in many of the extracurriculars offered there. I am passionate about helping others, and have taken many initiatives in order to do so, including active membership in Key Club itself! I hope to make the 2019-2020 service year the best yet,

Hello Michigan key clubbers! My name is Emily Hoyumpa and I am the lieutenant governor of division 16. I am a sophomore at the Utica Academy for International Studies. Outside of key club, I am a part of student council, forensics, french club, and my church group! I can't wait to work with all of you, and if you have any questions, don't hesitate to contact me! I'm so excited for what this service year has in store :)

My name is Olivia Bradlee and I am a sophomore at P-CEP. Outside of Key Club, I love to stay involved in extracurricular activities through clubs and sports; I am president of the Vegetarian Club and part of the Canton Varsity Cheer and Lacrosse JV team. My favorite aspect of Key Club is the opportunity to serve the community by giving back. I am thrilled about this service year goal to see how we can make a change in our impacts on the environment

Hey Key Clubbers! I'm Yash Gautam and I am super excited to serve on the District Board this year as a Lieutenant Governor. I attend Lakeshore High School and am involved in tennis, robotics, the Math and Science Center, and of course Key Club. I look forward to serving on the projects committee in this upcoming service year to help you do as much service as possible!

# *Our Project*

***This year's service project is the Save the Earth Initiative. But what exactly does that mean?***

The Save the Earth Initiative tackles the social and environmental challenges that Earth faces. As Key Clubbers, and as citizens, we are obliged to protect the only planet that we have. Through supporting the prevention and elimination of different issues affecting the Earth, we are transforming our planet into a better place.

***Social and environmental issues which the Save the Initiative supports include:***

- conservation of wilderness
- cleaning human waste/liter
- providing food/water to underdeveloped countries,
- Much More

# Project Ideas

Hi Michigan Key Clubbers! Are you looking for ideas and projects to help you embrace the “Save the Earth” initiative? Here are a few ideas!

- **Plant a tree:** By planting a tree, you are helping to replenish the Earth’s atmosphere
- **Do a drive of gently used items:** Organizations like Habitat for Humanity take gently used materials such as furniture and clothing that can be resold to those less fortunate
- **Start a community garden:** You and your club could get involved in the community by building a garden that could go to homeless shelters or those who need it in the community
- **Don’t litter:** Trash is bad for the environment! A possible service project could be to find a local park and pick up trash

# Organization/Charities

Want get involved with our project and want to work with organization that embraces it? Then the Organization Directory can be a very Important tool for you. Look out for it in your inbox, our instagram, and website October 1st! You can also use one of our preferred charities below to get involved with our project:

**Children's  
Miracle Network  
Hospitals**

Your local Key Club and CMN can work together by sponsoring fundraisers and conducting service projects with local CMN hospitals.

UNICEF is the only organization in the UN dedicated exclusively to children. Support this organization by raising funds through your local Key Club.

Support March of Dimes by hosting service projects, raising money and informing your community about the crises of preterm birth.
